

Product Code . EDS-EE-10602

Electricity Circuits Kit

Description

The panels are then formed into circuits by connecting them together using 4mm stackable leads.

The Basic Electricity Kit has been designed as a low-cost, attractive and flexible alternative Jainco Export to the circuit-board approach to pupil investigations into simple circuits.

Jainco Export each component such as a switch, rheostat, bulb holder, etc. is mounted on its own individual plastic panel with 4mm sockets.

Each kit is supplied in two polystyrene trays which keep the units organised.

This equipment is suited not just to teaching basic concepts about circuits, for key stage 2 students, but also has applications for further study into key stage 3 areas.
