

Product Code . JE-PLE-10756

Cage Metabolic

Description

Cage Metabolic

Description:

This metabolic cage is used for the efficient collection of urine and feces from a single mouse.

The funnel and cone design with steeper angle separates urine and feces into separate collection tubes.

The smaller chamber volume and collection tube design minimize evaporations.

Technical Specification:

Floor Area : 200 cm² (31 in.²)

Vertical Support Rack : 126L x 50W x 187H cm

Horizontal Support Rack : 178L x 63W x 129H cm

Dimensions Cage : 32L x 25W x 36.5H cm

Chamber Volume : 2600 cm³ (159 in.³)

Cage Metabolic Manufacturer, Cage Metabolic Suppliers, Cage Metabolic India, Cage Metabolic Exporter, Pharmaceutical Lab Equipment, Cage Metabolic, Laboratory Instruments, Metabolic Suppliers, Laboratory Equipment, Metabolic Manufacturer, Metabolic Exporters.
