

Product Code . EDS-MM-10817

Molecular model kit Ten layer DNA

Description

The range of models included in the Jainco Export offering is designed to enhance teaching.

Excellent quality models produced from precision engineered moulds and materials.

These 'original' models have been used by thousands of students worldwide and are renowned for their ease of use.

The joining pieces are carefully designed to ensure models are firmly constructed so they can be passed around during the lesson without fear of falling apart.

Each kit comes in a durable storage case with compartments for segregation of parts.
