

Product Code . EDS-LB-10850

Balance, Analytical

Description

The Analytical precision balance with a capacity of 220g and Resolution of 0.0001g. This balance features Internal calibration and a LCD screen with backlight. Jainco Export many integrated advanced features make this balance perfect for use in laboratory, research departments, formulation and quality control applications. It also combines elegance with highly reliable measuring performance, has a double case structure and ergonomic keypad.

Specification:

Electromagnetic force restoration weighing system

Large glass draught shield with 3 sliding doors

Plastic protection cover

Capacity: 220g

Resolution: 0.0001g

LCD with backlight

Pan size: Ø 80 mm

Interface: RS232

Internal calibration: Yes

Units of Measure: Grams, Milligrams, Carats, Ounces, Pounds, Pennyweights, Ounce Troy, Grain, Pieces

Applications :

Selectable filter level

Selectable measuring units

Piece counting function

Density function

Peak hold

Under hook

Check weighing

Percentual weighing,

Add weighing function

Animal weighing
